## SCRIPTS Magazine

The Journal of the Cobb County Medical Society features articles created by physicians in the Greater Atlanta and North Georgia area and focuses exclusively on the news and information needs of CCMS's membership and medical community. The journal is edited by Stan Dysart, M.D., a local orthopaedic surgeon and member of CCMS.

## Advocacy

CCMS monitors and fights for your interest in both public and private sectors on national, state and local levels.

## Education

CCMS presents educational opportunities through speakers designed to help meet your needs and provides a long-term commitment to improving the quality of healthcare in Georgia.

## Information

CCMS is the one-stop place for information on Practice Management, Medical Alerts, Financial Management (both personal and professional) and many other concerns of the Healthcare Industry.

## Comradery

CCMS offers Group and Individual discussions and professional development activities with others in the Medical Community.

AS A MEMBER YOU WILL RECEIVE IMPORTANT UPDATES ON ISSUES THAT AFFECT YOUR LIFE, YOUR PRACTICE AND YOUR PATIENTS. YOU WILL ALSO BE NOTIFIED WHEN *YOU* CAN MAKE A CRITICAL DIFFERENCE IN THE OUTCOME OF LEGISLATION.

## Mission Statement

*Serving over 11 counties in Georgia including  
Cobb, Bartow, Carroll, Cherokee, DeKalb, Douglas,  
Fayette, Forsyth, Fulton, Paulding and Pickens.*

- We are physicians working together to promote the health care of our community.
- We place the welfare of our patients above all other concerns.
- We uphold the principles of medicine, which are based on careful scientific study and research.

## Our Goals

- To foster a sense of professional conduct and competence.
- To provide a forum for the discussion of moral, ethical and social concerns relating to medical care.
- To provide educational opportunities for our members.
- To serve and represent the interest of our member physicians.
- To encourage broad membership and maximize effectiveness.
- To enhance physician cohesion and communication.
- To advocate constructive health policies by interacting with civic leaders and politicians.
